

知 上线失败的原因提示 'Failed to allocate public network ports in a CGN network'

PPPoE 姜珊珊 2020-10-14 发表

问题描述

```
<YCBH.FGS.4F/IP-BNG-H3C16K-1>dis aaa online-fail-record username XXXX
```

Username: XXX

Domain: pppoe_nat

MAC address: 0cd8-6cbd-XXXX

Access type: PPPoE

Access interface: Route-Aggregation4.102

SVLAN/CVLAN: 1512/2045

IP address: 100.111.XX.XX

IPv6 address: -

Online request time: 2020/10/13 21:52:12

Online failure reason: Failed to allocate public network ports in a CGN network.

解决方法

Online failure reason: Failed to allocate public network ports in a CGN network. 这个提示的意思是NAT资源不足，可以增加一下NAT资源
