

知 When the English WEB report is exported, it prompts " not supported "

Security 龚训杰 2021-02-02 Published

Problem Description

Export reports on the English WEB interface of the firewall, prompting that it is not supported.

Solution

Versions lower than F9660P05 do not support English report export.

Please check the version information [[display version](#)].

How to obtain the supported version: Please contact the Technical Support Center.
