问题描述

设备开机无法启动，console插进去一直为如下回显：

```
System is Starting...Memtest failed on channel 1 - 0x00000004
```

```
Error on strobe 2 lane lo 240000 lane hi 0
```

```
Memtest failed on channel 1 - 0x00000004
```

```
Error on strobe 2 lane lo 240000 lane hi 0
```

```
Memtest failed on channel 1 - 0x00000004
```

```
Error on strobe 2 lane lo 240000 lane hi 0
```

```
Memtest failed on channel 1 - 0x00000004
```

```
Error on strobe 2 lane lo 240000 lane hi 0
```

解决方法

这种为内存条的硬件故障，直接拆开故障主控板，更换内存条即可解决
