【有手就行】3PAR系列-7.Primera Coredump文件收集方法
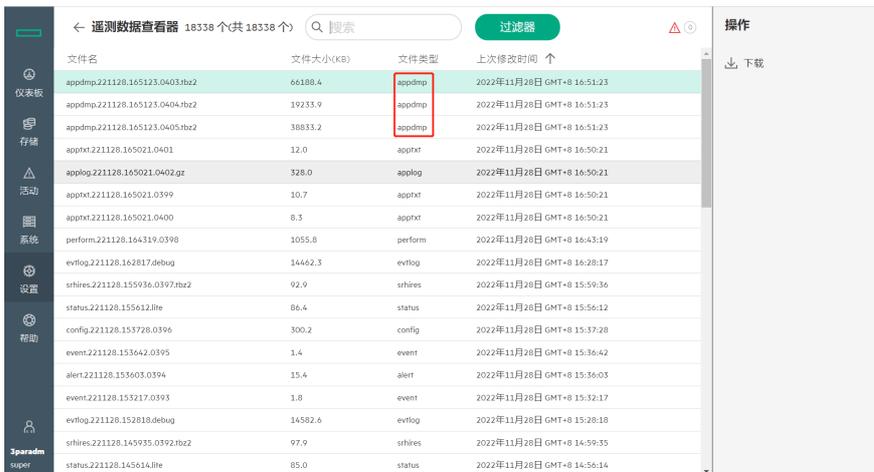

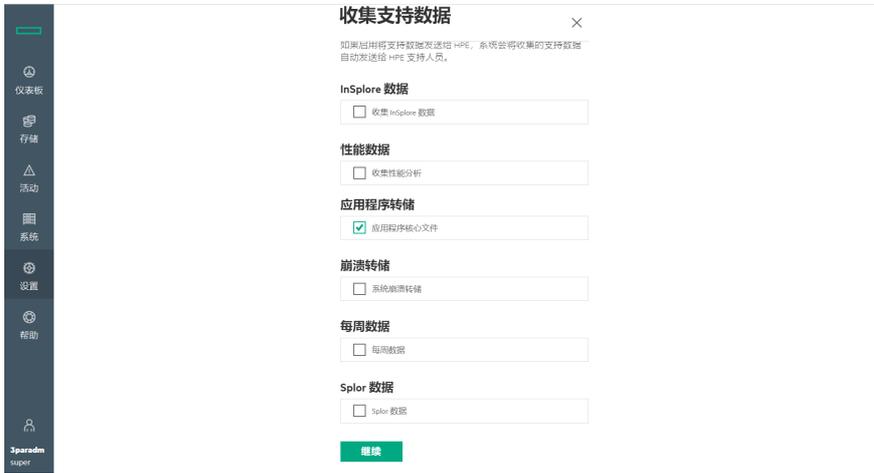

存储系统　**杨刚中**　2022-11-28 发表

组网及说明

提供Primera Core Dump文件定义及下载方式，如何辨别是否已生成Coredump文件。

Primera中偶尔提及的core dump即为UI界面的app dump，非Crash dump。

下载地址：UI界面>设置>遥测-收集支持数据>勾选应用程序转储-应用程序核心文件>继续

UI>Setting>Telemetry-Collect support data>App Dump-Application core files>Continne

【中文版界面】

core dmp/app dump文件生成，文件类型显示为appdmp。

【英文版界面】

Collect Support Data

When the task is finished, the generated support data package can be viewed in and downloaded from the Telemetry Data Viewer.
If sending support data to HPE is enabled, the support data collection will automatically be sent to HPE Support.

InSplore Data

☐ Collect InSplore data

Performance Data

☐ Collect performance analysis

App Dump

☑ Application core files

Crash Dump

☐ System crash dump

Weekly Data

☐ Weekly data

Splor Data

☐ Splor Data
