

【ADNET巡检】检查BGP的reflect-client/undo policy vpn-target配置

金手指工具 李猛 2024-05-31 发表

问题描述

检查BGP的reflect-client/undo policy vpn-target配置

过程分析

BGP需要配置reflect-client/undo policy vpn-target配置

解决方法

如图所示

```
[spine1] bgp 100
[spine1-bgp-default] non-stop-routing
[spine1-bgp-default] router-id 10.1.1.2
[spine1-bgp-default] group evpn internal
[spine1-bgp-default] peer evpn source-address 10.1.1.2
[spine1-bgp-default] peer 10.1.1.4 group evpn
[spine1-bgp-default] peer 10.1.1.5 group evpn
[spine1-bgp-default] peer 10.1.1.6 group evpn
[spine1-bgp-default] peer 10.1.1.7 group evpn
[spine1-bgp-default] peer 10.1.1.8 group evpn
[spine1-bgp-default] peer 10.1.1.9 group evpn
[spine1-bgp-default] address-family l2vpn evpn
[spine1-bgp-default-evpn] undo policy vpn-target
[spine1-bgp-default-evpn] peer evpn enable
[spine1-bgp-default-evpn] peer evpn reflect-client
[spine1-bgp-default-evpn] quit
[spine1-bgp-default] quit
```
