问题描述

Workspace如何查看当前有哪些BT客户端正在下载镜像

解决方法

netstat -anp | grep 68 | grep -i torrent

```
[root@cvknode1 Bittorrent]# netstat -anp | grep 68 | grep -i torrent
tcp6      0      0  :::6881          :::*               LISTEN          18456/WebTorrent
tcp6      0      0  :::6883          :::*               LISTEN          19917/WebTorrent
tcp6      0      0  :::6885          :::*               LISTEN          20416/WebTorrent
tcp6      0      0  :::6887          :::*               LISTEN          3477131/WebTorrent
