

How to Clear MAC Address Table and ARP Table

刘志伟 2007-01-25 发表

To clear MAC address table (in system view):

```
undo mac-address
```

To clear ARP table:

Deleting one ARP entry (in system view): `undo arp X.X.X.X`

Deleting multiple ARP entries (in user view): `reset arp`

For detail information, refer to S9500 Command Manual.
