

## QinQ Configuration and Precautions

刘志伟 2007-01-25 发表

Configure QinQ:

(In port mode)

```
vlan-vpn enable
```

Precautions:

1. QinQ cannot be enabled after the port is enabled with GVRP, MSTP or 802.1x.
2. QinQ cannot be enabled when the VLAN to which the port belongs is enabled with IGMP Snooping or IGMP.
3. A port enabled with QinQ cannot be added to the VLAN enabled with IGMP Snooping or IGMP.
4. The port to be enabled with QinQ must be access port.
