MSCA and MPUF In MSR Series

Keywords: MSR;MSCA;ESM0;ESM1

Q: What is MSCA and MPUF of MSR Series ?

A:

MPUF (Main Processor Unit F) is the main-board of MSR, a complete Host System . MSCA is Multi-Service enhanced application. It provide extend slot for VPM, VCPM , ESM0, ESM1. MSR can start with MPUF only, if we need the function such as: VPM,VCPM,SNDE,ANDE, we must use MSCA.
