

知 S5500-EI系列交换机上使用命令“display packet-drop”显示内容的说明

岳斌 2010-03-18 发表

```
<H3C>disp packet-drop interface
Packets dropped by GBP full or insufficient bandwidth: 0 //由于buffer满而丢弃的报文
;
Packets dropped by FFP: 1 //由于ACL规则过滤而被丢弃的报文;
Packets dropped by STP non-forwarding state: 9960080 //由于STP状态是discarding而被丢弃的报文;
```
